SAL Community Services

SAL Community Services (SAL) provides support, advocacy, and learning for communities - from childhood to adulthood. SAL has a long-standing commitment to strengthening children, families, and individuals in eastern Iowa and western Illinois to build and enhance thriving communities. SAL operates seven diverse programs in early care & education, crisis assistance, child care referrals, and technical assistance, training & development for early care educators, including the following:

- Skip-a-Long Childhood Centers provide early care and education services to children ages 6 weeks to 12 years at five childcare centers located throughout the Quad Cities. Its campuses – located in Moline, Rock Island, Milan (2), and Davenport – each hold the highest quality ratings for their respective state and accreditation through the National Accreditation Commission for Early Care and Education Programs. Together with the Home Child Care Network, these centers serve more than 700 children each day from the Quad City region.
- The Home Child Care Network helps families who need non-traditional childcare hours by supporting high-quality licensed family childcare environments throughout a 12 county service area.
- The Early Head Start Child Care Partnership program offers comprehensive support services to children and their families in Skip-a-Long childcare centers and homes, as well as a home visiting program for expecting parents in Henry, Mercer, and Rock Island counties.
- The Open Door and Welcoming Center crisis assistance programs – located in Rock Island and Davenport – offer a “hand-up” to individuals and families in crisis.
- SAL Child Care Connection and Child Care Resource and Referral of Midwestern Illinois connect families across 16 Illinois counties with assistance to pay for childcare, support families seeking childcare, and provide training and technical assistance to Illinois childcare homes and centers.

Skip-a-Long Davenport

Davenport Skip-a-Long utilizes Creative Curriculum as a research-based and comprehensive curriculum utilizing 38 objectives for development and learning that features exploration and discovery as a way of learning. It creates high-quality learning environments and builds understanding of developmentally appropriate practices. Planning and preparation are based on individual children and weekly lesson plans are built around a daily schedule, which includes large and small group time, outdoor time, free play, and one-on-one time with a teacher. Daily experiences are hands-on and project-based investigations. Though routinized and structured, play is the core of Creative Curriculum. Davenport Skip-a-Long Center utilizes Conscious Discipline as an evidence-based classroom management practice that focuses on the development of social-emotional and self-regulation skills of both adults and children. Based on an understanding of three primary brain states - Survival; Emotional; and Executive - Conscious Discipline tailors interactions that are best suited for each unique situation. Teaching staff utilize the seven skills of Conscious Discipline, including: Composure, Encouragement, Assertiveness, Choices, Empathy, Positive Intent, and Consequences. By providing consistency and building connection - playfulness, eye contact, positive physical touch, and presence - children feel safe in the classroom and develop skills of self-regulation, which is necessary for learning.

Narratives QC

At Narratives, we believe no one should journey through life alone. Yet, the sad reality is that so many individuals not only face life alone but go through significant life transitions without any support or guidance. We contend that one of the crucial transitions throughout everyone's life is from youth to adulthood. We are alarmed by the staggering number of youth in our community who have been forced to navigate this critical transition on their own. So many young adults fall through the cracks. Recognizing this great need, we are committed to doing our part to provide a place where at-risk young adults can learn, grow, and thrive within the context of a supportive community.

The Greater Bettendorf Community Foundation and Agape Center
The Greater Bettendorf Community Foundation is a 501(C) (3) corporation. TGBCF was created in 1993 to gift scholarships and conduct fundraising projects through the Bettendorf Jaycees Inc. for the community of Bettendorf Iowa. In 2007 the Bettendorf Jaycees closed its local chapter. Shortly afterwards the TGBCF started to continue with most of the local community service projects of the former Jaycees. In March of 2016 a group of exceptional ladies approached the Board of Directors with an idea to fill a gap that they felt was not being met by our local community services. That gap was to provide needed items that families would need that food assistance did not provide for. Clothing, household items, personal care products, baby items, and furniture were now going to become available at no cost to anyone in need. The AGAPE Center Project was then created and the doors to the Center opened on May 1st, 2016. As expected the Center started off slowly; it was going to take a bit of time to get the word out to those in need. Shortly after the first few guests came through the door, the question of "Do you provide food as well?" was asked. We at that point contacted the River Bend Foodbank for their guidance on how we could participate as a participating pantry. For the River Bend Foodbank this was a very unusual request. We were the first publicly supported non-church related foundation asking to be a pantry in their system.

NAMI Greater Mississippi Valley works with healthcare providers and other community leaders to address needs within the Quad Cities area. Our work complements treatment, filling an information and education gap between healthcare workers and individuals (and their families). We also provide seminars and support groups online and locally.

General Assistance - Moline Township

One of the most important functions of township government is to provide General & Emergency Assistance for town residents who are going through a difficult time in their lives. It is not a permanent form of income, but it will help town residents who are not eligible for other forms of government assistance. A typical client must meet the following criteria: - live in township, process of applying for social security, and lost a job and searching for employment. The township offers help in filling out social security forms and offers bus tickets for job searches for those who are able to work. Emergency Assistance is offered to residents who are awaiting other forms of assistance and are faced with a life-threatening situation.

Doris and Victor Day Foundation

Doris and Victor Day cared about the well-being of the people of the Quad Cities, especially residents of Quad Cities, especially residents of Rock Island. They created a Foundation to provide funding for programs supportive of their concern. The Foundation is committed to meeting basic human needs such as food, shelter, clothing, medical care and education. (Up to \$1000?)

Quad Cities Foundation

The Quad Cities Community Foundation is transforming our region through the generosity of our donors. The Quad Cities Community Foundation is the place where generous people in the Quad Cities (and beyond!) make gifts to support their community, specific organizations and causes most important to them. We are an independent, public charity with a team of Quad Citizens committed to listening to our donors charitable goals, and then working alongside them to help them best meet their hopes and dreams. Through gifts and funds established at the Quad Cities Community Foundation by donors, for our community, we award grants and scholarships to people and organizations residing primarily in Rock Island County, Illinois, and Scott County, Iowa. Through our network of Geographic Affiliate Funds and Community Funds, we also serve the residents and needs of surrounding counties. Grants available. I'm seeing grant amounts in in the 10s of thousands. One \$40,000, for example.
